Brian Blitz

Data Analyst · Python · SQL · Power BI

brian.blitz28@gmail.com · (919) 395-3489 · Las Vegas, NV · brblitz.com · LinkedIn

Analytics professional with nearly 4 years of experience, an MS in Data Analytics, and demonstrated expertise in quantitative analysis, performance monitoring, and data-driven optimization. Well-versed in building automated systems for data management, analysis, and reporting to support decision-making in fast-moving environments.

EXPERIENCE

Trader I · Caesars Sportsbook — Aug 2024 – Present · Las Vegas, NV

- Built performance monitoring systems (Python, Power BI) tracking KPIs across multiple dimensions; presented findings weekly in company-wide reports.
- Used monitoring insights to design and implement an optimization strategy that improved performance in key markets.
- Built an end-to-end data pipeline for ad-hoc comparative research on pricing, improving performance across multiple markets.

HR Data Analyst · Nance Staffing — Jan 2023 – Jul 2024 · Remote

- Built a Python pipeline to clean, process, and filter ~1,000 applicants per month against custom criteria beyond the ATS's built-in filters, contributing to a ~12% increase in 6-month retention.
- Designed and built a MySQL database from scratch to structure applicant data, enabling complex analytical queries and reporting that didn't exist before.
- Created 4 interactive Tableau dashboards giving stakeholders live visibility into key metrics and performance trends, and built tools that let the team adjust screening criteria and reports themselves.

SKILLS

Programming	Python, R, SAS, SQL
Databases	Excel, PostgreSQL, MySQL
Visualization	Tableau, Power BI, MatplotLib, Plotly, RMarkdown
Data Analysis	Data Cleaning, Statistics, Predictive Modeling, Machine Learning
